↗ EDUCATION

Yale University
Computer Science & Art (3.6 / 4.0)
Leadership: Women in CS, UXSociety, WYBC Yale Radio, The Politic, Yale Women's Center, oSTEM

↗ SKILLS

Visual Design, Wireframing and Mockups, Rapid Prototyping, User Research, Product Strategy, Analytics & Content Strategy

↗ TOOLING

Code — HTML/CSS3/Sass, JavaScript/TypeScript/Flow, Vue, React, Node.js, three.js, p5.js, Webpack, Yarn, Python, C

Design — Adobe CC, Figma, Sketch, Invision, Framer, WebGL, Unity, Blender

↗ HONORS

2019 Speaker @ Grace Hopper Australia

2018 Women of Silicon Valley Feature

2018 AnitaB.org Student of Vision, Speaker @ Grace Hopper Celebration Keynote (audience: 20,000+)

2018 Microsoft Imagine Cup National Top 3 Finalist, Philippines

↗ SELECTED WORK

Iboto.ph — Voter education & campaigns for the Philippines, >5m hits in 3 weeks. I lead a team of 14 designers, engineers, & writers. React & TypeScript.

Technology.ph — Designing & editing a twice-a-month digest on creativity & tech for >450 readers. I manage a design & editorial team of 10.

Round — On introspection and navigation. Sockets.io, Node.js, & Firebase.

Batid — Citizen security web app aggregating social media & crowdsourced data for civic engagement and safety. Azure, React, & Globe Labs APIs. Microsoft Imagine Cup Finalist.

Also writing on computational justice, building indie games & narrative fictions, and exploring Southeast Asia's tech systems—chia.dev.

Rappler — Tech & Product Design Intern   JUN 2019 - AUG 2019
Researched and designed end-to-end web experience for newsroom documentation & collaboration. Developed internal tool with Node.js & Vue over Wiki.js for 60+ staff.

Designed and implemented front-end assets (dashboard, CMS, editor) & integration flow (login auth), delivering product docs and onboarding guides & flow. Audited and redesigned visuals to align with brand.

Twitter — #EarlyBird   CASE STUDY   MAY 2019
1 of 35 from >5,000 applicants designing, developing, & pitching to senior leaders.

Luminus, Yale Helix — Fellow   SEP 2018 - MAY 2019
Led design and engineering in team of 8. Launched MVP for healthtech IoT service in <2 months, decreasing time spent in hospital supply rooms by 75%. React & Firebase.

Designed a progressive web app experience. Facilitated design sprints for healthcare practitioners, refined product through usability tests, field studies & 100+ interviews.

Edukasyon.ph — Design Intern   APR 2017 - MAY 2017
Designed visuals, UI components, mockups, & prototypes shipped to >10m users. Conducted heuristic analysis for web and A/B testing to improve marketing funnels & conversions. Assisted in product growth through competitive analysis & user research.

↗ BEYOND

Developh — Founder   ORG WEBSITE
Scaled tech & education nonprofit to impact >75,000 youth in 11 countries leading a 42-person team through our accelerator, hackathons, conferences, & courseware. Co-designed brand & assets, developing in-house platforms/projects. Connected >200 students to tech careers, grew to 50+ communities, presented at 40+ tech events.

Direct accelerator for Southeast Asia, managing venture growth of 10+ teams/nonprofits from fashiontech to govtech. Brought >10 products from ideation to launch, working from end-to-end management, product strategy, marketing funnels/analytics, user research, creative strategy, to building & deploying internal tools.

User Experience Society — Founder & President   ORG WEBSITE
Founded Yale's undergraduate design group & consultancy with 24 members. Lead & co-design a human-centric club curriculum, prepare workshops on web engineering, design tools, & UX research, and managing + delivering client projects.

Yale Center for Collaborative Arts & Media — Fellow
Youngest fellow building interdisciplinary creative projects, exhibiting and holding workshops. Exploring: VR, computational justice, creative code, p2p web, & game dev.

Center for Innovative Thinking at Yale — Student Advisory Board
Advising growth & programming of entrepreneurship & accelerator across Yale with 20+ programs & 10+ teams per semester. Organizing 100+ person hackathon.
